 The Adhesive Company

A brand of 
 The Adhesive Company

Soft Floor Covering Adhesives

L48 EXTRA

Heavy duty gum spirit adhesive

Product Description

A polymer reinforced resin/alcohol adhesive designed to bond all types of linoleum, hessian and fibrebonded carpets as well as felt backed PVC and cork tiles (except PVC backed) to concrete, cementitious screeds, chipboard, hardboard, plywood and smoothing compounds.

Advantages

- High shear strength
- Good initial suction
- Suitable for carpet, linoleum & cork
- Easy release on uplift of floor covering

Application: Trowel Notch 2mm x 6mm
Flammable
Packaging: 5L, 15L
Coverage: 40-50m² per 15L

L76 CONDUCTITE

Conductive acrylic adhesive

Product Description

A black, acrylic dispersion adhesive. For bonding conductive/antistatic PVC floor coverings to most common substrates. Provides a conductive layer in its dry film.

Advantages

- Excellent bond strength
- Good resistance to plasticiser migration
- Ideal for sensitive applications such as hospitals, operating theatres, telephone exchanges

Application: Trowel Notch 1.5mm x 5mm
Non Flammable
Packaging: 15L
Coverage: 45-55m² per 15L

L79 SUPERTACK

Acrylic tackifier adhesive for carpet tiles

Product Description

A solvent-free, non-staining polymer dispersion adhesive. For release bonding of carpet tiles backed with PVC, polypropylene, and bitumen with fibre backing to raised access floor panels and most common substrates.

Advantages

- Easy release
- Facilitates the removal and replacement of carpet tiles without the need for more adhesive
- Excellent coverage on access panels

Application: Roller Applied
Non Flammable
Packaging: 5L, 15L, 25L
Coverage: 140 -160m² per 15L

L80 MULTIBOND GOLD

Multipurpose acrylic floorcovering adhesive

Product Description

An acrylic dispersion adhesive. It has an off-white appearance and minimal odour. High degree of dry film tack.

Advantages

- Good coverage, cost effective
- Minimises the effects of plasticiser migration
- Suitable for bonding most carpets & vinyl products

Application: Trowel Notch 1.5mm x 5mm
Non Flammable
Packaging: 1kg, 2.5kg, 5kg, 15kg
Coverage: 40-50m² per 15kg

GRIPFILL CONTACT

Ancillary adhesive

Product Description

Gripfill Contact Adhesive offers superior bonding performance with high shear strength and high initial grab.

Advantages

- Ideal for bonding decorative laminates and is also suitable for many other application and substrates including : rigid PVCs, cork, leather, laminated plastic, dense textiles...

Application: By fine notched trowel or brush
Flammable
Packaging: 5L tin, 4 units

Wooden Flooring Adhesives

L16 WOOD BOND

Product Description

Heavy duty rigid adhesive for surface bonding wood flooring.

A filled solution of synthetic polymer resins in a blend of solvents. Formulated to trowel consistency.

For bonding of solid and engineered flooring to strong sound dry substrates. High strength.

Advantages

- Bonds all wood including parquet, wood block & wood strip
- Suitable for use with warm water underfloor heating systems

Flammable
Packaging: 5L, 10L, 15L
Coverage:

- Wood strip / wood plank: up to max of 16m² per 10L using a B2 notched trowel
- Wood block / parquet panels: 25m² per 10L using a trowel notch of 2mm x 6mm

L18 PU WOOD BOND

Product Description

A flexible adhesive for batten bonding wood flooring. A one-part moisture curing polyurethane adhesive.

For batten bonding most types of timber flooring including engineered parquet, wood mosaic panels, wood laminate flooring and some solid wood, to most common substrates.

Advantages

- Elastic Bond
- Suitable for uneven floors
- Bonds most wood
- Compatible with underfloor heating

Non Flammable
Packaging: 600ml Sausage
Coverage: Approx 1.5m² to 2.3m² per 600ml Sausage

L19 MS WOOD BOND

Product Description

High strength flexible adhesive for surface bonding wood flooring.

A high performance, flexible, single component MS Polymer adhesive for bonding wood flooring.

For bonding all types of wood flooring over most common substrates including asphalt.

Advantages

- High strength, elastic bond
- Good initial grab
- Fast curing
- Solvent Free
- Bonds all wood
- Compatible with underfloor heating

Non Flammable
Packaging: 16kg
Coverage: subject to application
